

# Jeff Bezos

***Read the passage below and answer the questions on the next page.***

Jeff Bezos is an American technology entrepreneur and investor. He is best known for being the founder, chairman, and CEO of Amazon.com, one of the world's largest online retailers. Bezos was born on January 12th, 1964, in Albuquerque, New Mexico. He graduated from Princeton University in 1986 with a degree in electrical engineering and computer science.

After college, Bezos worked on Wall Street for the investment firm D.E. Shaw & Co before starting Amazon in 1994. He established Amazon as an online bookstore and quickly expanded it to become one of the largest online retailers in the world. Bezos is also known for founding aerospace company Blue Origin, which is developing reusable rockets to reduce space exploration costs and enable people to eventually live and work off-planet.

Bezos has been involved with numerous philanthropic endeavors over his career, including donating funds to combat homelessness and climate change initiatives within Seattle, where Amazon's headquarters are located. In addition, he was one of the original investors in Google, contributing \$250K to its first round of funding.

In 2018, Forbes estimated Bezos to be the wealthiest person in modern history with a net worth of over \$100 billion.

Jeff Bezos's hard work and innovation have changed the face of technology, commerce, and philanthropy. His ambition continues to drive Amazon forward and will likely shape our future for years to come. His success story inspires aspiring entrepreneurs everywhere who wish to make their own mark on the world.
